The Italian Substitute for Divorce.
Capt. Fadda of the Italian army was separated from his wife, a beautiful and coquettish young member of a wealthy family. She desired to be legally free, and to that end asked Cardinali, a circus rider, with whom she was deeply in love, or pretended to be, to murder her husband. Cardinali does not seem to have cared particularly for the woman, and probably was actuated by a desire to possess her fortune. She promised to marry him as soon as she became a widow. He went to Rome, lunched about Capt. Fadda's lodgings until a favorable opportunity was presented, slipped into the house, stabbed him with a stiletto, and fled. But the dying man was able to stagger into the street in pursuit of the assassin, who was arrested bloody-handed.

The quantity of gold mined in Victoria, from the discovery of the precious metal to Dec. 31, 1878, is estimated at \$192,050,682. This production has shown a steady decline of late years.

In Melbourne, Victoria, Bishop Moorhouse has created a sensation by heading a deputation to the Minister of Education to urge the teaching of the historical events of the Bible in the State schools.

The emigrants who founded New Sweden, Me., are an intelligent, industrious and thrifty people. Their farms are being constantly enlarged and improved, and they have model schools and churches.

The jury in a murder trial at Salem, Ind., were not so prompt in finding a verdict of guilty as some of the people desired, and a mob broke into the jail to hang the prisoner; but he had slipped away in disguise.

The St. Petersburg correspondent of the Cologne Gazette says that Prince Gortchakoff has won no little popularity since openly giving vent to his hostility to Germany. Army officers in particular are delighted.

Because he could not bear to see the sufferings of the nihilist prisoners which he dared not alleviate, Major Lissovitich, the commander of the citadel of Charkoff, committed suicide within a month after assuming the post.

The president of the California State Vinticultural Society has reported 6,000 acres covered with vineyards numbering 45,000,000 vines, and representing with the land a capital of \$80,000,000. Another complete report is to be made in ten years hence.

Jo Cook on Bob Ingersoll. "His lack of religion sufficiently illustrates his lack of sense," Bob Ingersoll on Jo Cook: "His philosophy is the theology of New England, seasoned with poor German thought—that is to say he mixes sauer kraut with his beans."

That free labor is more productive than slave labor in the south is proved by the statistics of the cotton crops during recent decades. The ten crops from 1852 to 1861 aggregated 34,995,430 bales. The ten crops from 1870 to 1879 inclusive, comprised 41,454,732 bales. The excess to be credited to free labor is 6,459,303 bales.

Several hundred students of the Michigan University marched in a body to Ann Arbor, with the avowed purpose of retaliating for the arrest of some of their number on the previous night. The Mayor had the alarm bells rung, a military company responded promptly and ten of the riotous boys were put in jail.

Under the stimulus of a money prize offered by the York county, (Me.) Agricultural Society, thirty-two boys have raised upon one-eighth of an acre of land over 1,000 pounds of corn, six over 1,100 pounds, five over 1,200 pounds, one over 1,300 pounds, and one over 1,400, the champion being Moses S. Milliken, Jr., of Bridleford, with a product of 1,404 pounds.

Mrs. Lewis was alone at night in a house at Air Line, Ohio. She was awakened by the dropping of the key from the lock of the front door. Guessing a burglar had pushed it out, she armed herself with a pistol, and when he intruded his head, fired at it. His dead body was taken away by a companion, in the wagon that was to have carried the plunder.

They intend making travelling more convenient on the continent of Europe by adopting our system of railway carriages. Little Belgium is wide awake in matters of business, and is setting the first example. The International Company of Sleeping Cars has submitted a project to the government of Brussels for organizing a great express train between Ostend, Cologne, Berlin and the Russian frontier. The train will be exclusively composed of sleeping cars and saloon carriages.

Quarrelling Over His Grave.

The quarrel of the two widows of Elias Lippis, in a San Francisco cemetery, as to which should decorate his grave, was described in this column last spring. The affair is now in a criminal court, through the arrest of the superintendent of the cemetery. It transpires that widow 1 drove widow 2 away from the grave; that the superintendent, enamored by widow 2, gave her a burial plot, and secretly removed the remains of Lippis to it. Thus widow 1 went on decorating an empty grave, while widow 2 had the real grave to herself. Widow 2 could not keep so pleasing a victory to herself, and the story got out. The superintendent, frightened by this publicity, slyly returned the remains to their first resting place, and declared that they had never been disturbed. Wife 2 got angry with him for this act, and told all to the police. An investigation followed, and he is to be tried on a charge of grave-robbing.

The GAZETTE has twice as large a circulation as any other paper in Washoe county. Hence it is an excellent advertising medium.

A GOOD GROWL.

About ninety per cent. of the citizens of Reno are good pay. They only order what they need and know what they can pay for, and when the bill is presented out comes the money. This ninety per cent. keep money in circulation. They never keep a cent as long as they owe anybody, and with a few dollars going from one to another large amounts of debts can be liquidated. The other ten per cent. never pay a debt that they can put off till to-morrow. They live on the fat of the land, wear good clothes and never lose an hour's sleep. They are the curse of business and the ruin of the unsuspecting. They have caused drunkenness, misery and suicide. They do more faultfinding than the man who pays for what he lives on. They are lawyers, doctors and all classes, and we hope each one of them will think we had him in our mind as we wrote these lines. We have no fault to find with the unfortunate. If we ask a man for money and he really has none, we can do no good by making him feel uncomfortable. We do not mean those who are really destitute or are doing the best they can, but the H. B.'s who never pay anything deserve more than contempt—they deserve cinching. They keep money tight and spoil the pleasure and profits of the honorable business man, and they tempt one to follow the example of Deacon Parkinson, who says he is going to publish a list of those who don't pay their bills.

EDITORIAL NOTES.

An item descriptive of "traveling stones" appeared in the *Enterprise* some fifteen years ago. They were explained to be small pieces of magnetic iron ore which would roll together from the force of their mutual attraction. In this morning's *Enterprise* Dan de Quille states that life has become a burden to him owing to letters of inquiry concerning those mysterious stones, with which he is constantly besieged. He therefore fully and freely confesses that the whole story was an invention of his youthful imagination, and that the marvelous pellets have no existence in fact.

We publish to-day a lengthy communication on the subject of education. This most important topic receives too little attention from the press of the country. The columns of the GAZETTE are at all times open to correspondents for the temperate discussion of matters of general interest. In particular we invite communications on the subject of education, but do not hold ourselves responsible for the opinion of correspondents.

Telegraphing Without Wires.

Journal of the Telegraph.

Professor Loomis continues his experiments in the mountains of West Virginia to demonstrate the theory that at certain elevations there is a natural electric current, by taking advantage of which, telegraphic signals may be sent without the use of wires. It is said that he has telegraphed eleven miles by means of kites flown with copper wires. When the kites reached the same altitude or got into the same current, communication by means of an instrument similar to that of Morse, was easy, but ceased as soon as one of the kites was lowered. He has built towers on two hills about twenty miles apart, and from the tops of them has run up steel rods into the region of the electric current.

I Wish Everybody to Know.

Rev. George H. Thayer, an old citizen of this vicinity, known to every one as a most influential citizen, and Christian Minister of the M. E. Church, just this moment stepped in our store to say, "I wish everybody to know that I consider that both myself and wife owe our lives to Whittier's Consumption Cure." It is having a tremendous sale over our counters and is giving perfect satisfaction in all cases of Lung Disease, such as nothing else has done. Bourbon, Ind., May 15, 1878. Drs. Matchett & France. Sold by Osburn & Shoemaker, Druggists, Reno, Nevada.

Bodie is the only mining camp of its size on the Pacific coast that has not got a two-bit saloon.

How to Save Money.

Instead of going to a doctor for a prescription, if you have Bright's disease, Diabetes, Pain in the back and joints, Smarting, Inflammation, Catarrh, Bricksdust deposit, or any trouble of the Kidneys or Bladder, buy a bottle of Dr. MINTIE'S NERVOUS, the great Buchu Compound. It is the most wonderful prescription ever compounded for these troubles. Messrs. Abrams & Carroll, wholesale druggists, say: "We regard Nephritis as the best Kidney and Bladder Remedy in the market." Woodward, druggist, Portland, Oregon, says: "Everybody speaks highly of it." Childs, druggist, Portland, Oregon, says: "Sold lots of it; it always does the work." Many have been cured of obstinate kidney complaints after the doctors have given them up. For sale by Osburn & Shoemaker. Price \$1.25.

Suicide.

A distinguished scientist once said: "No man with a strong and healthy stomach ever committed suicide;" and yet many are suffering the tortures of the damned with Dyspepsia, when a single bottle of Dr. MINTIE'S English Dandelion, Liver and Dyspepsia Pills will give relief, and, if persisted in, will cure the worst case of this distressing trouble. This pill cures Torpid Liver and Biliousness, regulates the bowels, removes pimples from the face, cures sallow complexion, font breath, sick headache, heartburn, pain in the sides and back; is sugar-coated, and GUARANTEED TO BE PURELY VEGETABLE. It acts directly upon the coating of the stomach and on the liver; can be taken in any climate—wet or dry weather. Beware of imitations. The genuine has an engraving of a lion on the outside wrapper. Price 50 cents. For sale by Osburn & Shoemaker, druggists.

Solid Abyssinian Gold Watch

FREE! FREE! FREE!!!

The above offer is genuine, although at first sight you would consider it impossible. We will explain: Since we first established our business here, Messrs. Messrs. Rowell & Co. have paid particular attention to the buying of Bankrupt and Auction lots of Jewelry and Watches, and we have been able to secure at very low prices, and in no instance have we paid over one-sixth the manufacturers' price. Since starting we have always been able to dispose of these goods in Chicago and through our regular customers throughout the country at nearly regular prices, as fast as we could procure them, but owing to the large number of failures among the heaviest dealers and manufacturers throughout this and other countries during the months of June, July and August (the time when the jewelry business is stagnant), we have now on hand an immense stock of the most desirable goods at lower prices than before. In order to dispose of this entire stock in the most speedy manner possible, and make room for new ones which we shall continue to buy, we have hit upon the following novel plan:

We propose to give you a list of the most desirable of these goods, giving opposite each article its regular retail value, and sell to you at the rate of Five Dollars worth for \$1. For instance, on receipt of \$1.00, we will send you \$5.00 worth of goods, and so on through the entire list, until you have a list of the most valuable of these goods.
